Community
Cabinet Meeting**

Jon Weinstein invites you

Our first District 1 Community Cabinet Meeting of 2016 will be held on Tuesday, February 23rd, 2016, at 6:30p.m., in the C. Vernon Gray Room of the George Howard Building.

If you know of any other HOA's or community associations that have not participated in the past, please forward this invitation to them. More information, including an agenda will be sent before the meeting and posted on the "HoCo D1 Community Cabinet" Facebook Page

If you would like to add your organization to our distribution list or would like more information, please contact Gary Smith
(G.Smith@howardcountymd.gov or 410.313.2001).

**TUESDAY, FEBRUARY 23RD 2016
6:30 P.M.

HOWARD COUNTY'S NON-PROFITS

Blossoms of Hope

Springtime is cherry blossom time in Howard County, Maryland and Blossoms of Hope's Spring [CHERRYBRATION DAYS](#) bring seasonal activities for every age, every budget, and almost every interest. These activities honor the beauty of the trees and help raise cancer awareness by benefiting the [Claudia Mayer/Tina Broccolino Cancer Resource Center](#), with more than 1,800 cherry trees blossoming in parks, along roadways, and at county-wide attractions.

Attention!

Community, Neighborhood, & Home-Owner Associations! Jon wants to meet with YOU. Please contact Gary Smith ([email](#)) to schedule a time to have Jon attend a general meeting or your board. Jon is meeting with community organizations in D1 to create an "Association Advisory Group". Meetings can be in the morning before work or in the evening in conjunction with a regularly (or specially) scheduled board meeting. Contact Team D1 **TODAY!**

WINTER WONDERLAND

Howard County offers tips on how to keep pipes from freezing as temperatures dip

To help combat this problem and reduce the probability of your pipes freezing, the County's Bureau of Utilities recommends the following:

- Wrap or insulate exposed pipes susceptible to low temperatures.
- Utilize other devices, such as heat tape, to help keep pipes from freezing.
- Leave hot and cold water dripping on nights when temperatures dip below 15°F.
- Some pipes, such as those located in cabinets, may be situated against an outside wall, while they may be insulated, residents should leave cabinet doors open to allow heat in the room to keep pipes warm and prevent freezing.

- For homes with crawl spaces, close outside air vents located in the foundation wall during extremely cold temperatures to keep exposed plumbing from freezing.
- If you have a programmable thermostat, consider leaving it at a constant temperature, never below 45°F.
- If you are going on an extended vacation, set your thermostat to at least 45°F or above.

During regular business hours, residents are instructed to call the Bureau of Utilities at 410-313-4900.

After hours and on the weekends, call Central Dispatch at 410-313-2929 which will then notify a county utility worker.

The Bureau also suggests:

- Turn off and drain outside hose bibs.
- Know where the main water cutoff valve is and how it works.
- Seal air leaks that allow icy blasts to
