Washington Blvd (US 1) / Cedar Avenue

C0332 - Bus Stop Improvements

FLASH Stations

- 2 paired stations at Maple Lawn and JHU-APL
- 2 stops in Downtown Columbia: Little Patuxent Parkway and Merriweather District

- Consistent branding with Flash
- Real Time Information Screens
- Level boarding platforms
- Information kiosks
- Bike Racks
- High-quality shelters

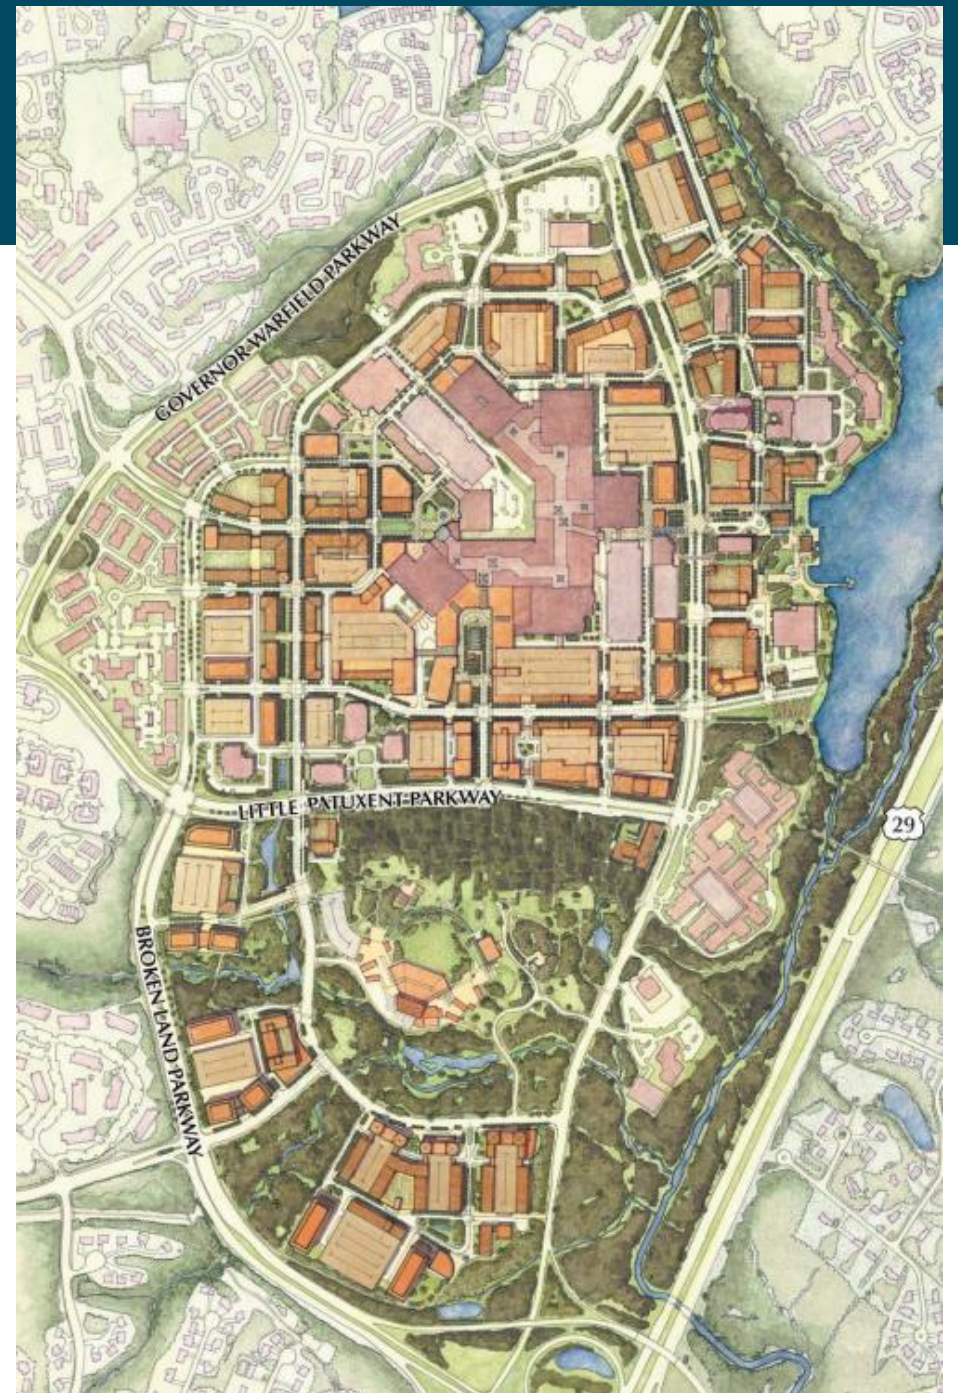

C0353 - DTC Transit Center

- Phase 1: **Short-term** operational and site improvements
- Phase 2: Site selection and concept design

Current Status

- Progress on Phase 2 is dependent on securing a project site
- Site delivery is tied to the CEPPA and developer agreement with Howard Hughes

C0370 - US 1 Corridor Safe Streets & Roads for All

Phase 1 – Planning & Design

- 25 projects in pipeline
- Quick-build safety improvements
- Real-world Complete Streets testing
- Before/After analysis (Morgan State)

Phase 2 – Construction

- Return to U.S. DOT for funding
- Advance proven concepts to construction

FOCUS

- Target communities: Waterloo, Elkridge, Jessup, Harwood Park
- Safety-driven, practical design solutions
