Final Report Guidance: The final report will have three major parts: a cover letter from the Chairs, a main body with recommendations that meet two criteria (see below), and several appendices. Guidance on the content of each, as well as the content of recommendations is below.

I. Cover Letter from Chairs (Written by/from Chairs)

II. Main body with Recommendations (Written by subgroup members)

Recommendations included in the main body of the final report must meet the following criteria: (1) recommendation is within the County's legislative authority according to the OOL; (2) recommendation is supported by the majority of subgroup members.

Recommendations drafted by subgroup members must include the following information:

- A recommendation that is within the County Council's legislative authority. Specifically:
 - new County policies and changes to County ordinances and policies that could improve racial equity;
 - legislation that can be passed that will improve racial equity; and
 - recommending actions that other Howard County entities, that receive County funds, can take that will improve racial equity outcomes.
- The racial equity impact of this recommendation - how it helps make the County more equitable and inclusive and who will be impacted
- The timeframe to impact - short-term (0 to 2 years) or long-term (2+ years)

Nice to have include:

- Data that supports your recommendations, including quantitative and qualitative data. Inclusion of comparative analysis from other regions is welcome.
- Intent behind the recommendation
- Metrics to measure impact and success (if applicable)

By mandate from the legislation, a note by the County Auditor regarding potential fiscal impact will be included with each recommendation.
